

END ISRAEL'S WAR AND OCCUPATION OF PALESTINE!

In response to the indiscriminate attack by Palestinian forces from Hamas, which killed some 1,200 people, Israel has inflicted a collective punishment on Palestinians in Gaza. More than 2,700 Palestinians have been killed in airstrikes, including 1,000 children, and Israel has blocked shipments of food and medicine, and cut off electricity and water.

We cannot remain silent while this atrocity is carried out in our name! We must oppose the U.S. government's support of genocide against the Palestinian people! We must stand with the Palestinian people and condemn this slaughter!

Join us for a presentation and discussion about the current situation and what has led to it with professor Joel Beinin (the Donald J. McLachlan Professor of History and professor of Middle East History, Emeritus at Stanford University). Professor Joel Beinin will be joining us live on Zoom.
