EXPOSING THE LIES OF

Israel's War Machine

A Report From an Anti-Zionist Activist in Palestine

The Israeli state claims that its genocidal slaughter in Gaza is self defense. To maintain the support of the Israeli population for its horrific assault, it has exaggerated the impact of Hamas's attack on October 7. Israel's lies have been repeated by the U.S. media and U.S. politicians who have given Israel's bloody war their total support.

Speaker:

Tali Shapiro, Israeli anti-zionist activist and researcher whose work has exposed the lies spread by the Israeli state, will be speaking live from Ramallah, Palestine.
