An update on the situation in Gaza by Nora Barrows-Friedman, an activist and associate editor for The Electronic Intifada (electronicintifada.net) and co-host with Ali Abunimah, of the radio show, The Electronic Intifada, Tuesdays on KPFA 94.1FM (kpfa.org). She has been a reporter and broadcaster focusing on Palestine for more than 20 years.

The systematic starvation of the people of Gaza and the escalating massacre of the Palestinian people by the Israeli military must be stopped. Many of us have protested and called for an end to the genocide. We must find the way to do even more. We need to do whatever we can to stop this violence being carried out in our name.
