

A SPEAK OUT NOW TOWN HALL

# WE WILL NOT BE SILENCED!

*We Must Oppose the Genocidal War on Palestine*

We must oppose the genocidal attack on the people of Palestine. Over 25,000 people, nearly 10,000 children, have been murdered. The claim that opposition to Israel's mass murder is anti-Semitic – a continuation of the historical attack on Jewish people – is a lie.

We must oppose this war!  
Anti-Zionism is NOT Anti-Semitism.

## Speakers:

**Nora Barrows-Friedman** - a staff writer and editor at The Electronic Intifada and the author of "In Our Power: US Students Organize for Justice in Palestine."

**Ellen Brotsky** - a longtime Jewish activist and volunteer with Jewish Voice for Peace Bay Area.

**SUNDAY,  
JAN 28**

**7PM @  
NOMÜNOMÜ  
709 N HOWARD ST.**

Join us in a discussion about the attempts to silence our opposition to this terror being carried out in our name.
