# ORGANIZING AGAINST REPRESSION

## *Defending Democratic and Immigrant Rights Through Mass Resistance*

**4:30pm – 6pm • Room 301**

This panel will discuss how to confront the Trump administration's attacks on civil liberties and immigrant rights. From the defense campaigns for Tom Alter, Prairieland, and GEO (Michigan) to the resistance to immigration raids in LA and Minneapolis, we'll explore what it takes to fight back. Defending our communities means uniting immigrant organizing against detention camps and deportations with the power of organized labor and broad united front campaigns. *Sponsored by the United Left Platform (ULP): International Marxist Humanist Organization, Socialist Horizon, Solidarity, Speak Out Socialists, Tempest Collective, and Workers Voice.*

# WHEN ICE MELTS

## *Film Showing and Discussion*

**2:30 to 4 • room TBA**

**hosted by MN15 Bay Area**

"When ICE Melts" shows how working people in the Twin Cities rose up against the ICE occupation of Minneapolis, with neighborhood patrols, barricades, rapid-response networks, and a 100,000-strong mass strike that shut down the city and forced federal agents to retreat. As ICE escalates its terror in the Bay and nationwide, join us to discuss the lessons of the Minnesota resistance, the repression of the MN15, and how to defend our communities.
